Subject: Microsoft Settlement

To whom it may concern:

As a citizen of this wonderful country and a taxpayer, I wish to object most strongly to any changes that might be proposed or made to the settlement that was legally reached after very much discussion and deliberation, by the court in this matter concerning this great company. Please don't allow this matter to be dragged on any further. There is no need to waste our precious resources on useless wrangling just to satisfy the greed of a few individuals, who are only looking for ways to line their pockets at the expense of a successful Company, and of the entire population of this great nation of ours. Let's get on with more important items that might benefit and improve our economy. "Enough is Enough."
